What Our Graduate/Students Say

AREZU KARIMZADEH

“ Pursuing my Bachelor of Arts (Honours) English With Drama at TAR UMT has been both exciting and enhancing for me. I have learnt so many new things, including the many facets of the English language and Drama. From literature to linguistics, language usage and theatre, I have learned to see and appreciate language and art from different perspectives and this has helped me appreciate language and art even more. On top of this, the lecturers are both very knowledgeable and supportive of student endeavours. The depth of my degree programme opens up many career pathways for me to choose upon completing my degree. My journey at TAR UMT is also very valuable to me because I have classmates who are not only remarkable students with talent but also welcoming and lively people to be with. Overall, my student life has been enhanced by choosing TAR UMT. ”

Bachelor of Arts (Honours) English With Drama

LUM KA WEI

“ My bachelor's degree helped me build a strong foundation in practical, theoretical, and research and all these are proving useful to my career. Having the theoretical foundation of Developmental Psychology, Educational Psychology, as well as Disorders of Childhood & Adolescence greatly facilitates my transition in learning and adapting to my current job responsibilities as a Special Needs Educator. Besides, mastering various Counselling and Psychology courses throughout my studies provided me the foundational knowledge needed for me to further pursue my master degree. In my opinion, one's ability to keep on learning precedes one's past academic achievement, and in this line of thought, the assignments and classroom activities designed by the lecturers in my degree programme have allowed me to always research and gain new knowledge that is not only limited to textbooks. As such, I am grateful to be an alumnus of TAR UMT. ”

Bachelor of Social Science (Honours) in Psychology - Graduated in 2022

FARAH A. RAHMAN

“ TAR UMT has helped me discover many potentials which I did not know I had. The University offers plenty of opportunities for me to grow and experience the essence of being a university student while learning and journeying with other peers who hail from all walks of life. On top of that, being surrounded by supportive coursemates and lecturers who always give me advice and encouragement is one of the many things that motivate me to do better. Not to mention, I have gained a valuable experience in balancing my time between academic and personal activities and this preserves and nurtures my emotional and mental health. I am happy that I will graduate from TAR UMT with memories to cherish and stories to tell. ”
